Personal Information

I am an *Associate Degree Software Development* student at **Saxion University of Applied Sciences** in Deventer. I started actively coding at the age of 14 and have since acquired extensive knowledge in a wide range of programming languages and frameworks. I excel at **collaborative teamwork** and possess a strong ability to focus on **solutions** rather than problems.

Skills

Programming Languages / Backend

- Python, JavaScript, TypeScript, C#

Frontend Web Development

- HTML5, CSS3, Tailwind CSS, NextJS, VueJS

Version Control

- Git

Design Tools

- Figma

Databases and Caching

- SQL, Redis, PostgreSQL

Work experience

Computer Assembler

Azerty

Feb 2022 - Present
Raalte, The Netherlands

At Azerty, I assemble computers for customers. These computers can either be custom-built to meet specific requirements or part of our own Xenith series. Additionally, I configure the computers for optimal performance and thoroughly test them for any potential issues.

Projects

TaleSpin AI - VueJS

- VueJS
- Python
- Redis
- API

Weather App - VueJS

- VueJS
- NodeJS
- Tailwind CSS
- API

More projects soon.

Education

Havo

Van Der Capellen

Sep 2019 - Jul 2023
Zwolle, The Netherlands

I spent five years at **Van Der Capellen** in Zwolle, The Netherlands, where I earned my **HAVO diploma**. During my time there, I achieved **all** of my *English certificates* thanks to the bilingual programme.

In addition to language studies, I followed mandatory **ICT classes** in the first two years and chose **Computer Science** as an optional subject for the last three years, where I developed my interest in programming and technology.

These experiences gave me a strong academic foundation and sparked my passion for software development.

Languages

Dutch	Native speaker
English	Proficient
German	Conversational
French	Beginner

Associate Degree

Saxion University of Applied Sciences

Sep 2023 - Present

Deventer, The Netherlands

In **September 2023**, I began my studies in the **Associate Degree Software Development** programme at **Saxion University of Applied Sciences** in Deventer, The Netherlands. This programme offers a practical and focused approach to software development, allowing me to deepen my skills in programming, problem-solving, and teamwork while preparing for a career in the tech industry.

Certificates

Junior and Senior TTO Certificate

From **2019 to 2021**, I completed the *bilingual programme* in high school, where **60% of my classes** were taught in *English*. Additionally, I actively participated in several **internationalisation-related activities**, which enabled me to earn this certificate.

In **2023**, I was also awarded the **Senior TTO Certificate** for completing five years of bilingual education, during which over **50% of my classes** were taught in English.

Cambridge Advanced English Certificate

In **2023**, I achieved my **Cambridge Advanced English (C1)** certificate with an overall score of **191**. This accomplishment demonstrates my strong proficiency in English, including advanced skills in reading, writing, speaking, and listening, as well as my commitment to academic and linguistic excellence.

Worldschool Certificate

In **2023**, I earned the **Worldschool Certificate** for successfully completing the **Worldschool Global Issues Research Programme**. This certificate recognises my commitment to addressing a significant social issue through dedicated research and my *'willingness to go the extra mile'* to achieve meaningful results.

International Baccalaureate Certificate

In **2023**, I earned my **International Baccalaureate (IB) Certificate** after completing the IB course during high school. I achieved an score of **6 out of 7**. To get this certificate I also participated in several **internationalisation-related activities**.
